CURATED DESIGN-BUILD COMMERCIAL AND RESIDENTIAL RENOVATION

Consult, Construct, Transform

Highly custom renovation for luxury high-rise residences and single-family homes

A singular high-touch client service experience

Commercial spaces that dazzle, reflect exacting requirements

Design Construction Concepts is a relationship-focused renovation partner that brings curated spaces and client visions to life, specializing in delivering a high-touch client experience for spaces that require an elevated level of detail, finishes and beauty.

As a design-build firm led by Andy Poticha, we understand how to build to exacting standards when the vision is something that's truly custom for homes, retail, offices, medical practices, law firms or special purpose spaces.

EXPERTISE: CUSTOM RESIDENTIAL HOME RENOVATION

LAW FINANCE | BESPOKE SPACES

OUR DESIGN-BUILD PROCESS

We help you articulate your vision by converting ideas and designs into functional, sustainable and aesthetically pleasing environments. We treat each project as if it were our own with our four-step design-build process:

1. DESIGN - BUILD CONSULTATION

Site-assessments; scope confirmation;
pre-construction planning

2. DESIGN

Team designs your space for your
specific needs

3. CONSTRUCT

High-quality, client-conscious,
compliant job sites

4. TRANSFORM

Realize your vision for your
space, your goals
